

✓ *low maintenance*

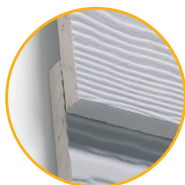

✓ *no more need for painting*

✓ *easy to install*

CEDRAL CLICK

Cedral weatherboards are designed for traditional overlapping installation.

CEDRAL LAP

Cedral Click weatherboards interlock, creating a modern and contemporary façade.

Cedral Click and Cedral Lap weatherboards are available in two finishes: Relief and Smooth

| | Cedral Click | Cedral Lap |
|-----------------------|--------------|------------|
| Length | 3600 mm | 3600 mm |
| Width | 186 mm | 190 mm |
| Thickness | 12 mm | 10 mm |
| Weight per slat board | 12,2 kg | 11,2 kg |

MAINTENANCE

Cedral can be cleaned with a solution of clean water with 10% white vinegar added. For light soiling, cleaning with gentle household detergent or slightly soapy water, followed by rinsing with clean water is sufficient.

Cedral should not need repainting, however, if a colour change is wanted, please contact our technical department to find out how to do it.

Cedral touch-up paint is available in all colours and comes in 0.5 litre pots. It should only be used in the case where the original paint would have been damaged and carefully following the instructions. Any excess must be removed immediately.
